2. RISK DISCLOSURE

2.1. Risk Disclosure Statement. In connection with opening a Trading Account with Alpari to speculate, purchase and/or sell OTC Forex, currency forwards, Options, derivatives and related contracts on a "spot" basis ("**Derivatives Trading**"), the Customer hereby acknowledges, understands and agrees that:

2.1.1. *Trading is Risky and Highly Speculative* Derivatives Trading is highly speculative and is suitable only for those Customers who (i) understand and are willing to assume the economic, legal and other risks involved, and (ii) are financially able to assume losses significantly in excess of Margin or deposits. Derivatives Trading is not an appropriate investment vehicle for retirement funds. The Customer represents, warrants and agrees that the Customer understands these risks; the Customer is willing and able, financially and otherwise, to assume the risks of Derivatives Trading; and the loss of the Balance of the Customer's entire Trading Account will not change the Customer's life style.

2.1.2. *High Leverage and Low Margin Can Lead to Quick Losses.* The high Leverage and low Margin associated

with Derivatives Trading can result in significant losses due to price fluctuations in the foreign currency markets. The Customer must maintain the minimum Margin Level requirement on the Customer's Open Positions at all times. It is the Customer's responsibility to monitor the Balance and Equity in the Customer's Trading Account. Alpari has the right to liquidate any Open Positions whenever the minimum Margin requirement is not maintained.

2.1.3. *Prices, Margin and Valuations Are Set by Alpari and May Be Different From Prices Reported Elsewhere.* Alpari will provide Quotes to be used in trading, valuation of the Customer's positions and determination of Margin requirements. Although Alpari expects that these Quotes will be reasonably related to Quotes available in the interbank market, Quotes reported by Alpari may vary from Quotes available to banks and other participants in what is known as the interbank market. Alpari will exercise considerable discretion in setting and collecting Margin. Alpari is authorized to convert funds in the Customer's Trading Account for Margin into and from such foreign currency at a rate of exchange determined by Alpari in its sole discretion on the basis of then-prevailing money market rates.

2.1.4. *Risk Reducing Orders or Strategies.* The placing of certain Orders that are intended to limit losses (such as Stop Loss Orders or Stop Limit Orders) may not always be effective because market conditions may make it impossible to execute such Orders. Strategies using combinations of positions may be as risky as taking simple Long or Short Positions.

2.1.5. *Currency Risks.* The profit or loss in Transactions in foreign currency will be affected by fluctuations in currency rates where there is a need to convert from the currency of the Open Position to another currency.

2.2. Immediate Execution. When the Customer enters the desired trading volume and clicks "Buy/Sell" or "Bid/Offer," Alpari's Trading Platform may transmit the Customer's instruction or Order to be executed instantaneously or through Immediate Execution. With Immediate Execution, there is no "second look" before transmission, and such instruction cannot be cancelled. This second look feature may differ between Alpari's or other trading systems. Before trading with Alpari, the Customer should utilize the appropriate demo trading platform to become familiar with the Order entry process. The Customer acknowledges that, by using Alpari's Trading Platform, the Customer agrees to the Immediate Execution system and accepts the risk of this execution feature.

2.3. Telephone Orders.

2.3.1. Alpari is not responsible for disruption, failure or malfunction of the telephone lines.

2.3.2. Any instruction or Order executed through the trading desk is completed when Alpari says "deal" or "done" or otherwise verbally confirms the

Transaction. At that point, the Customer has bought or sold the instrument in question and cannot cancel such Order. By giving instructions or Orders through the Alpari trading desk, the Customer agrees to the Immediate Execution of all Orders and accepts the risk of executing trades in this manner.

2.4. Trading Recommendations. The Customer shall not request and Alpari shall not provide investment advice, make any statement of opinion to encourage the Customer to enter into any particular Transaction, or provide personal recommendations or advice on the merits of any Transaction.

2.5. No Guarantees of Profit. There are no guarantees of profit or freedom from loss in Derivatives Trading. The Customer has received no such guarantees from Alpari, any of its representatives or any Introducer. The Customer is aware of the risks inherent in Derivatives Trading and is financially able to bear such risks and withstand any and all losses incurred.

2.6. The Customer May Not Be Able to Close or Offset Open Positions. Due to market conditions or other circumstances, Alpari may be unable to close out, offset or otherwise execute the Customer's Open Position at the level specified by the Customer, and the Customer agrees Alpari will bear no liability for failure to do so.

2.7. Trading Ahead and Along. Alpari, its personnel and Affiliates, and various other parties may execute Orders at the same or better Quotes ahead of the Customer's Order.

2.8. Third Party Agents. In the event that the Customer grants trading authority or control over the Customer's Trading Account to a third party or Trading Advisor, whether on a discretionary or non-discretionary basis, Alpari shall in no way be responsible for reviewing the Customer's choice of such Trading Advisor or for making any recommendation with respect thereto. Alpari makes no representations or warranties concerning any Trading Advisor; Alpari shall not be responsible for any loss to the Customer occasioned by the actions of the Trading Advisor; and Alpari does not, by implication or otherwise, endorse or approve of the operating methods of the Trading Advisor. If the Customer gives the Trading Advisor authority to exercise any rights over its Trading Account, the Customer does so at the Customer's risk. Even though the undersigned grants authority to the Trading Advisor, the Customer should be diligent and closely scrutinize all Account Activity. Alpari provides password-protected Trading Account access to the Trading Platform, whereby the Customer may view Trading Account value and activity.

2.9. Internet Trading. Alpari does not control signal power, its reception or routing via internet, configuration of the Customer's equipment or reliability of its connection. Therefore, Alpari shall not be liable for any claims, losses, damages, costs or

expenses, including attorneys' fees, caused, directly or indirectly, by any breakdown or failure of any transmission, communication system, computer facility or trading software, whether belonging to Alpari, the Customer, any market, or any settlement or clearing system when the Customer trades online (via internet).

2.10. Quoting Error. Should a quoting error occur due to a mistype of a Quote or a misquote given by telephone and/or other electronic means (including responses to Customer requests), Alpari shall not be liable for any resulting errors in Trading Account Balances and, in accordance with applicable law, reserves the right to make necessary corrections or adjustments to the Trading Account involved. Any Complaint or Trading Dispute arising from such quoting error will be resolved in accordance with applicable law and, where appropriate, on the basis of the fair market value, as determined by Alpari. In cases where the prevailing market represents Quotes different from the Quotes Alpari makes available, Alpari will attempt, on a best efforts basis, to execute trades on or close to the prevailing market prices. These prevailing market prices will be the prices ultimately reflected on the Customer's statements. This may or may not adversely affect the Customer's realized and unrealized gains and losses.

2.11. No Clearinghouse; Creditor Priority.

2.11.1. There Is No Central Market or Clearinghouse Guarantee of Payment. Derivatives Trading with Alpari is not conducted on a regulated market or exchange. There is no clearinghouse or guarantee by any other party of Alpari's payment obligations to the Customer. The Customer must look only to Alpari for performance on all Transactions in the Customer's Trading Account and for return of any funds. The insolvency of Alpari or a default by Alpari could cause the Customer to lose the entire value of the Customer's Trading Account and to suffer additional losses from any Open Positions.

2.12. Creditor Priority in Bankruptcy. Since the Transactions the Customer is entering into with Alpari are not traded on an exchange, under the United States Bankruptcy Code, the Customer's funds may not receive the same protections as funds used to Margin or guarantee exchange-traded futures and Options contracts, which receive a priority in bankruptcy. Since that same priority has not been given to funds used for off-exchange Derivatives Trading, if Alpari becomes insolvent and the Customer has a claim for amounts deposited or profits earned on Transactions with Alpari, the Customer's claim may not receive a priority. Without such a priority, the Customer is a general creditor and the Customer's claim will be paid, along with the claims of other general creditors, from any monies still available after priority claims are paid. Even the Customer's funds that Alpari keeps separate from its own operating funds may not be safe from the claims of other general and priority creditors.

2.13. Transactions in Other Jurisdictions. Transactions on markets in other jurisdictions,

including markets formally linked to a domestic market, may expose the Customer to additional risk. Such markets may be subject to regulations, which may offer different or diminished investor protection. Before the Customer trades, the Customer should inquire about any rules relevant to the Customer's particular Transactions. The Customer's local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where the Customer's Transactions have been effected. It is the Customer's responsibility to ask the firm with which the Customer deals for details about the types of redress available in both the Customer's home jurisdiction and other relevant jurisdictions before the Customer starts to trade.

3. SECONDARY RISK DISCLOSURE

3.1. Secondary Risk Disclosure: High Risk Investment.

3.1.1. Trading is highly speculative and risky. Derivatives Trading is suitable only for those Customers who (i) understand and are willing to assume the economic, legal and other risks involved, and (ii) are financially able to assume losses significantly in excess of Margin or deposits. The Customer represents, warrants and agrees that the Customer understands these risks; the Customer is willing and able, financially and otherwise, to assume the risks of Derivatives Trading; and loss of the Customer's entire Trading Account Balance will not change the Customer's life style.

3.1.2. The high Leverage and low Margin associated with Margin Trading can result in significant losses due to price fluctuations in the foreign currency markets. Alpari's Margin policies may require that additional funds be provided to properly Margin the Customer's Trading Account and that the Customer must immediately meet such Margin requirements. Failure to maintain a Margin Level in an amount equal to or exceeding one hundred percent (100%) of the Margin requirement may result in the liquidation of any or all Open Positions with resultant loss to the Customer.

4. ANTI-MONEY LAUNDERING POLICY

4.1. **The PATRIOT Act.** Alpari recognizes that the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the "*PATRIOT Act*"), as amended, imposes important obligations on all financial firms for the detection, deterrence and reporting of money laundering activities. Under the PATRIOT Act, money laundering is defined as any financial transaction using income derived from criminal activity including, but not limited to, drug trafficking, fraud, illegal gambling and terrorism.

4.2. **Anti-Money Laundering Policies and Procedures.** Alpari has established the following

policies and procedures to ensure compliance with all laws and regulations regarding money laundering.

4.2.1. Prior to the opening of any new Trading Account, Alpari will document the identity, nature of business, income, source of funds and investment objectives of each prospective customer. Therefore, Alpari will request the Customer's driver's license number, passport number and may request copies of the Customer's identifying documents.

4.2.2. On an on-going basis, Alpari will review Account Activity for evidence of activity that may be indicative of money laundering. This review may include surveillance of: (i) money flows into and out of Trading Accounts; (ii) the origin and destination of wire transfers; (iii) non-economic transactions; and (iv) other activity outside the normal course of business. Every officer, employee and associated person of Alpari is responsible for assisting in the firm's efforts to uncover and report any activity that might constitute, or otherwise indicate or raise suspicions of, money laundering. To this end, Alpari provides continuing education and training of all such persons.

4.3. **Cooperation with Law Enforcement.** Alpari will comply with all trade and economic sanctions imposed by the United States Office of Foreign Assets Control against targeted foreign countries and shall cooperate fully with government agencies, self-regulatory organizations and law enforcement officials. As provided by applicable law, including the PATRIOT Act, Alpari may supply information about former, current or prospective customers to appropriate government agencies or regulatory authorities.

5. FOREIGN ACCOUNTS

5.1. **Customers Domiciled Outside the United States.** Customers domiciled outside the United States ("*Foreign Account*") may be asked to comply with requests for special information by Alpari as required by any governmental unit or regulatory agency. This includes, but is not limited to, special calls for information. In the event of a special call for information, Alpari or its agent shall be required to obtain the information set forth by any governmental unit or regulatory agency requesting information. In addition, failure to respond to a special call for information may cause Transactions to be prohibited (other than liquidation or the offsetting of trades) for the Customer. Foreign Accounts must copy and forward a government issued form of picture identification and an acceptable proof of address before the Customer is approved for trading.

6. PRIVACY POLICY

6.1. **Privacy Policy.** Maintaining the privacy of the Customer's personal information is of utmost importance to Alpari. In order to provide Services to the Customer, Alpari must maintain certain information about the Customer that it collects from

Account Applications or other forms completed by the Customer, transactions that the Customer conducts with Alpari (and its Affiliates), the Customer's communications with Alpari (and its Affiliates), and information Alpari receives from third parties such as credit reporting agencies. It is Alpari's policy not to disclose personal information that it collects about the Customer to third parties except as permitted or required by law, or at the request of the Customer. Alpari also restricts access to nonpublic personal information to those employees who need to know that information to provide Services to the Customer. Alpari maintains physical, electronic and procedural safeguards to protect the Customer's personal information. These safeguards include limiting access to data and periodically testing its security technology. Alpari reserves the right to revise this Privacy Policy at any time, but will not do so without notice to the Customer.

7. REGISTRATION STATUS

7.1. Alpari's Registration Status. Alpari is dually registered with the CFTC as a Futures Commission Merchant ("FCM") and Retail Foreign Exchange Dealer ("RFED") and is a member of the NFA (Member ID# 0379678). For more information about Alpari's registration status or for information about the CFTC and NFA and their regulatory responsibilities, the Customer may visit <http://www.cftc.gov> and <http://www.nfa.futures.org>.

Unless expressly stated otherwise in writing, all Transactions entered into between Alpari and the Customer shall be governed by the terms and conditions of this Agreement, as amended from time to time, including, without limitation, Alpari's Terms. Alpari reserves the right, at its discretion, to at any time refuse to provide Services to the Customer. The Customer agrees that Alpari will have no obligation to inform the Customer of Alpari's reasons for denying Services.

8.2. Authorization to Trade. Alpari is authorized to purchase and sell Currency Pairs or other products offered by Alpari from time to time for the Customer's Trading Account(s) with one or more counterparty banks, sophisticated institutions, or registered participants, in accordance with the Customer's oral, electronic or written instructions. Unless instructed by the Customer to the contrary in writing, Alpari is authorized to execute all Orders with such counterparty banks, sophisticated institutions,

registered participants or Alpari itself, as Alpari deems appropriate.

9. TRADING

9.1. Customer Instructions. The Customer authorizes Alpari to purchase and sell cash settled Instruments or other products on a "spot" basis for the Customer's Trading Account in accordance with the Customer's instructions received through the Alpari Trading Platform or via telephone to the Alpari trading desk, subject to the terms of this Agreement, including the Exhibit(s) hereto and the Account Application, including any applicable addenda thereto. The Customer agrees to be conclusively responsible for any instruction received electronically that is identified with the Customer's password and/or Trading Account number and for any electronic, oral and written instruction or Order to Alpari or from persons that Alpari, in its sole judgment, believes are apparently authorized by the Customer to provide instructions or enter Orders on behalf of the Customer. If the Customer's Trading Account is titled as a joint account, Alpari is authorized to act on the instructions of any one owner, without further inquiry, with regard to trading in the Trading Account and the disposition of any and all assets in the Trading Account. Alpari shall have no responsibility for further inquiry into such apparent authority and no liability for the consequences of any action taken or failed to be taken by Alpari in reliance on any such instruction or Order or on the apparent authority of any such person.

9.2. Pricing Information for Currency Pairs. Quotes and valuations for Currency Pairs are set by Alpari and may be different from Quotes reported elsewhere. Alpari will provide Quotes to be used in trading, valuations of the Customer's positions and determination of Margin requirements. Although Alpari expects that these Quotes will be reasonably related to prices available in the interbank market, Quotes reported by Alpari may vary from Quotes available to banks and other counterparties in the interbank market. In addition, although Alpari reasonably expects to make available via Alpari's Trading Platform continuous Quotes during Business Hours, because of a number of factors, including but not limited to technology failures, communication system delays, lack of interbank liquidity or high market volatility, Alpari makes no warranties that Quotes and liquidity will be available continuously to the Customer either electronically or via the telephone or by any other communication device.

9.3. Order Execution. Alpari will attempt to execute all Orders that it may, in its sole discretion, accept from the Customer in accordance with the Customer's instructions received through the Alpari Trading Platform or via telephone to the Alpari trading desk. In cases where the prevailing market represents Quotes different from the Quotes Alpari has posted on its screen, Alpari will attempt, on a best efforts basis, to execute trades on or close to prevailing market prices. This may or may not adversely affect the Customer's realized and unrealized gains and losses. All contracts

made and entered into by Alpari hereunder will be entered into by Alpari as principal. The Customer acknowledges, understands and agrees that Alpari is not acting as a broker, intermediary, agent, and advisor or in any fiduciary capacity. Notwithstanding the provisions of this section, the Customer acknowledges, understands and agrees that all non-Market Orders, including, but not limited to, Limit Orders, Stop Loss Orders, OCO or One Cancels Other Orders, DAY or Good Till Day Orders, GTD or Good Till Date Orders, and GTC or Good till Cancelled Orders, are accepted by Alpari and undertaken on a "best-efforts basis" in accordance with the relevant provisions of the Terms, as amended from time to time.

9.4. Trade Matching. Alpari or its Affiliates may, at a future date, establish a trade matching system or determine to route the Customer's Orders to a trade matching system operated by a third party. In that event, Alpari and/or any one or more of its Affiliates, shall have the right (but not the obligation), in the sole discretion of Alpari or any such Affiliate, to act for its own account, and as a counterparty or as a broker to Alpari's Customers, in the making of markets and the purchase and sale of Currency Pairs or other products offered by Alpari from time to time via any medium, including without limitation, over any trade matching network in use by Alpari's customers and/or the general public.

9.5. Transmission. Alpari shall have no responsibility for delays in the transmission of Orders due to disruption, failure or malfunction of any communication facility and shall not be liable for any claim, loss, damage, cost or expense, including attorneys' fees, to any person or entity arising other than as a direct result of Alpari's gross negligence.

9.6. Position & Trading Limits. Alpari reserves the right to limit the number of Open Positions that the Customer may enter or maintain in the Customer's Trading Account at Alpari and reserves the right, in its sole discretion, to refuse to accept any Order to open a new position or increase the size of an Open Position.

9.7. Disclaimer of Duties. Alpari is under no obligation, unless otherwise agreed to in this Agreement, to monitor or advise the Customer on the status of any Transaction; to make Margin calls; or to close out, offset or delete any of the Customer's Open Positions. Unless otherwise specifically agreed, Alpari does not owe the Customer the duty of best execution.

9.8. Trading Confirmations. Reports of the confirmation of Orders and statements for the Customer's Trading Accounts shall be made available in electronic form via Alpari's Trading Platform or by e-mail and shall be deemed correct, conclusive and binding upon the Customer, unless objected to immediately in writing after the transmittal or availability to the Customer electronically, by mail or otherwise. Margin calls shall be deemed correct, conclusive and binding unless objected to immediately by telephone, e-mail, facsimile or by wire. WRITTEN OBJECTIONS ON THE CUSTOMER'S PART SHALL

BE DIRECTED TO ALPARI'S COMPLIANCE DEPARTMENT AT 14 WALL STREET, SUITE 8B, NEW YORK, NEW YORK 10005 AND SHALL BE DEEMED RECEIVED ONLY IF: ACTUALLY DELIVERED OR MAILED BY REGISTERED MAIL, RETURN RECEIPT REQUESTED; OR SENT BY FACSIMILE, ANY FORM OF STANDARD TELECOMMUNICATION OR OTHER ELECTRONIC MEANS, CONFIRMED BY TELEPHONE TO AN OFFICER OR OTHER REPRESENTATIVE OF THE RECIPIENT. Failure to object shall be deemed ratification of all actions taken by Alpari or Alpari's agents prior to the Customer's receipt of said reports. The Customer's failure to receive or to electronically access a trade confirmation or statement shall not relieve the Customer of the obligation to object as set forth herein.

10. MARGIN

10.1. Margin and Deposit Requirements. The Customer shall provide and maintain with Alpari Margin and/or additional Margin in such amounts or limits as Alpari, in its sole discretion, may require from time to time. Such sums of money shall be paid to Alpari. It is the Customer's responsibility to ensure that the Customer understands how Margin is calculated. Such Margin requirements may exceed Margins required by a counterparty bank or institution. Alpari may change its Margin requirements at any time. The Customer agrees to deposit by any payment means accepted under Alpari policy such additional Margin when and as required by Alpari, and will promptly meet all Margin calls in such mode of transmission as Alpari in its sole discretion shall designate; provided, however, that notwithstanding any demand for additional Margin, Alpari may at the same or any time proceed to liquidate the Customer's Trading Account in accordance with Section 11 of this Agreement, and any failure by Alpari to enforce its rights hereunder shall not be deemed a waiver by Alpari to enforce its rights thereafter. No previous Margin requirement of Alpari shall preclude Alpari from increasing that requirement without prior notice. In the event that additional Margin is due to Alpari, Alpari shall not be responsible for any loss or damage caused, directly or indirectly, by any events, actions or omissions beyond the control of Alpari including, without any limitation, loss or damage resulting, directly or indirectly, from any delays or inaccuracies in the transmission of Orders and/or information due to a breakdown in or failure of any transmission or communication facilities, irrespective of whether any such facilities are owned or provided by Alpari.

11. PAYMENTS, FUNDS TRANSFER, AND APPLICABLE CHARGES

11.1. Payments. All payments to Alpari shall be made in accordance with the Payment Instructions set forth on Alpari's Website. All incoming payments shall generally be credited to the Customer's Trading Account no later than one (1) Business Day after funds are cleared by Alpari's bank. All payments or withdrawals may be subject to charges. Alpari's fee

schedule can be found on the Website. If the Customer gives an instruction to withdraw funds from the Customer's Trading Account, Alpari shall generally pay the specified amount within two (2) Business Days once the instruction has been accepted, if the following requirements are met: (i) the withdrawal instruction includes all necessary information; (ii) the instruction is to make a bank transfer to the Trading Account of the Customer (under no circumstances will payments to third party or anonymous trading accounts be accepted); and (iii) at the moment of payment, the Customer's Free Margin exceeds the amount specified in the withdrawal instruction including all payment charges. Alpari shall debit the Customer's Trading Account for all payment charges. The Customer may withdraw funds from the Trading Account at any time in accordance with this section. If the Customer has the obligation to pay any amount to Alpari which exceeds the Trading Account Equity, the Customer shall pay the amount of excess forthwith upon the obligation arising. The Customer acknowledges and agrees that (without prejudice to any of Alpari's other rights under the Agreement to close out the Customer's Open Positions and exercise other default remedies against the Customer), where a sum is due and payable to Alpari in accordance with the Agreement and sufficient cleared funds are not yet credited to the Customer's Trading Account, Alpari shall be entitled to treat the Customer as having failed to make a payment to Alpari and to exercise its rights under this Agreement.

11.2. Charges. Alpari may charge brokerage or management fees (including Introducer or Trading Advisor fees), commissions, markups and markdowns, performance fees, and/or Alpari may be compensated for its Services through the Bid/Ask Spread, and/or on a per trade or other basis. Alpari may charge for incidental banking-related fees such as wire charges for deposits/withdrawals and returned check fees and inactivity fees. Alpari reserves the right to change its fee structure at any time without notice. Fees do not currently, but may in the future include such things as statement charges, Order cancellation charges, account transfer charges, telephone Order charges or fees imposed by any interbank agency, bank, contract, market or other regulatory or self-regulatory organization arising out of Alpari's provision of Services hereunder. The Customer may incur additional fees for the purchase of optional, value-added services offered by Alpari. Alpari's fee schedule can be found on the Alpari Website.

11.3. Authorization to Transfer Funds. Where permitted under applicable law, the Customer hereby agrees that Alpari may, at any time and from time to time, in its sole discretion, without prior notice to the Customer apply or transfer any of the Customer's funds, held either individually or jointly with others, interchangeably between any of the Customer's Trading Account(s) at Alpari or an Affiliate of Alpari as Alpari may consider necessary to satisfy Margin requirements, reduce any deficit or debit Balance in any of the Customer's Trading Account(s), or protect

Alpari. Alpari will confirm such application or transfer within a reasonable time thereafter.

11.4. Settlement Dates and Rollovers. The Customer authorizes Alpari to rollover all Open Positions in the Customer's Trading Account, at the Customer's risk, into the next settlement time period upon such terms as Alpari determines in its sole discretion. The positions will be rolled over by debiting or crediting the Customer's Trading Account with the amount calculated in accordance with Alpari's Rollover/Swap Policy Webpage.

12. TERMINATION

12.1. Term and Termination. This Agreement shall continue and be in effect until termination by the Customer or Alpari. The Customer may terminate this Agreement if: (i) the Customer has no Open Positions and no liabilities held by or owed to Alpari; and (ii) the Customer has provided three (3) Business Days' Written Notice to Alpari by e-mail to cs@alpari-us.com or by United States mail or other delivery service to Alpari; and (iii) Alpari has accepted the notice as provided in [Section 14](#) hereof. Alpari may, in its sole discretion, terminate this Agreement at any time, effective as of the close of business on the day notice is sent to the Customer. Upon termination of this Agreement, Alpari will be entitled, without prior notice to the Customer, to cease the Customer's access to the Trading Platform. Termination by either party shall not affect any Transactions previously entered into and shall not relieve either party of any obligations set out in this Agreement, nor shall it relieve the Customer of any obligations arising out of any deficit Balance.

12.2. Default.

12.2.1. Each of the following constitutes an "Event of Default": (i) the failure of the Customer to provide Margin, or other amount due under the Agreement; (ii) the failure of the Customer to perform any obligation due to Alpari; (iii) any breach of the Agreement by the Customer; (iv) the initiation by a third party of any Proceeding for the Customer's bankruptcy (if the Customer is an individual) or for the Customer's winding-up or for the appointment of an administrator or receiver in respect of the Customer or any of the Customer's assets (if the Customer is an entity) or if the Customer makes an arrangement or composition with the Customer's creditors or any procedure which is similar or analogous to any of the above is commenced in respect of the Customer; (v) where any representation or warranty made by the Customer becomes untrue; (vi) the Customer is unable to pay the Customer's debts when they fall due; (vii) the Customer dies or is deemed incompetent by a court of competent jurisdiction; or (viii) any other circumstance where Alpari reasonably believes that it is necessary or desirable to take any action set out below.

12.2.2. If an Event of Default occurs Alpari may, at its absolute discretion, at any time and without prior Written Notice, take one or more of the following

steps: (i) close out all or any of the Customer's Open Positions at current Quotes; (ii) refuse to open new Positions in the Customer's Trading Account; (iii) debit the Customer's Trading Account for the amounts which are due to Alpari; (iv) close any or all of the Customer's Trading Accounts held with Alpari; or (v) refuse to open any new Trading Account for the Customer.

12.3. Liquidation of Accounts and Deficit Balances. If an Event of Default occurs, Alpari may take one or more, or any portion of, the following actions: (i) satisfy any obligation the Customer may have to Alpari, either directly or by way of guaranty of suretyship, out of any of the Customer's funds in its custody or control; (ii) close out all or any of the Customer's Open Positions; and (iii) cancel any or all outstanding Orders or contracts, or any other commitments made on behalf of the Customer. Any of the above actions may be taken without demand for Margin or additional Margin, without prior notice of sale or purchase or other notice to the Customer, the Customer's personal representatives, heirs, executors, administrators, trustees, legatees, successors or assigns and regardless of whether the ownership interest shall be solely the Customer's or held jointly with others. In liquidation of the Customer's Long or Short Positions, Alpari may, in its sole discretion, offset in the same settlement or it may initiate new Long or Short Positions in order to establish a Spread or straddle which in Alpari's sole judgment may be advisable to protect or reduce existing Positions in the Customer's Trading Account. Any sales or purchases hereunder may be made according to Alpari's judgment and at its discretion with any interbank or other market where such business is then usually transacted or at a public auction or private sale, and Alpari may purchase the whole or any part thereof free from any right of redemption. The Customer shall at all times be liable for the payment of any deficit Balance of the Customer upon demand by Alpari, and in all cases, the Customer shall be liable for any deficiency remaining in the Customer's Trading Account(s) in the event of the liquidation thereof in whole or in part by Alpari or by the Customer. In the event the proceeds realized pursuant to this authorization are insufficient for the payment of all liabilities of the Customer due to Alpari, the Customer shall promptly pay upon demand, the deficit and all unpaid liabilities together with interest thereon at the maximum interest rate allowed by law, and all costs of collection, including attorney's fees, witness fees, travel expenses and the like. In the event Alpari incurs expenses other than for the collection of deficits, with respect to any of the Customer's Trading Accounts, the Customer agrees to pay such expenses.

13. INTRODUCED AND MANAGED ACCOUNTS

13.1. Introduced Accounts.

13.1.1. If the Customer's Trading Account has been introduced to Alpari by a referring agent, solicitor or introducing broker ("*Introducer*"), the Customer understands and acknowledges that Alpari may

compensate such Introducer for introducing the Customer to Alpari and that the compensation may be through commissions, markups or markdowns, and/or on a per trade or other basis.

13.1.2. The Customer acknowledges and agrees that: (i) Alpari may, but is under no obligation to, review any action or inaction by the Customer's Introducer; (ii) Alpari and the Customer's Introducer are wholly separate and independent from one another, and there exists no joint venture or partnership between them; and (iii) the Customer shall indemnify and hold Alpari and its officers, directors, employees, Affiliates, agents, successors, assigns and affiliated third parties harmless from and against any and all liabilities, claims, losses, damages, costs and expenses, including attorneys' fees, as incurred, for any action or inaction of the Customer's Introducer.

13.2. Managed Accounts.

13.2.1. If the Customer's Trading Account is managed by a trading agent, money manager, commodity trading advisor, investment advisor or other persons who have been granted trading authority over the Customer's Trading Account ("*Trading Advisor*"), the Customer understands and acknowledges that Alpari may compensate such Trading Advisor for managing the account and that the compensation may be through commissions, markups or markdowns, and/or on a per trade or other basis.

13.2.2. With respect to any Trading Account which is managed by a Trading Advisor, the Customer acknowledges and agrees that: (i) Alpari may, but is under no obligation to, review any action or inaction by the Customer's Trading Advisor; (ii) Alpari cannot determine the validity of any person's or entity's status or capacity to serve as a Trading Advisor; and (iii) the Customer shall indemnify and hold Alpari and its officers, directors, employees, Affiliates, agents, successors, assigns and affiliated third parties harmless from and against any and all liabilities, claims, losses, damages, costs and expenses, including attorneys' fees, as incurred, for any action or inaction of the Customer's Trading Advisor.

13.3. Allocation of Responsibilities.

13.3.1. The following is an allocation of responsibilities for Introducers and Trading Advisors. It is intended to be a general disclosure and not a definitive enumeration of each and every responsibility. The Introducer and Trading Advisor shall generally have the following responsibilities with respect to each Trading Account: (i) being appropriately registered at all times during its relationship with Alpari as required by applicable law; (ii) contacting, soliciting and/or communicating with the Customer regarding investment opportunities and objectives, as permitted under applicable law; (iii) determining commissions and fees, whether on a per trade basis or other basis, to be charged for the Customer's Transactions; and (iv) complying with all laws, rules and regulations applicable to any arrangement or understanding that

the Customer and Introducer or Trading Advisor may have.

13.3.3. If the Customer's Trading Account is introduced or managed by an independent Introducer or Trading Advisor, Alpari's liability is strictly limited to matters related to the execution and recordkeeping of trades.

14. COMMUNICATIONS

14.1. Transmission of Reports, Statements, Notices, and Other Communications. Reports, statements, notices and any other communications from Alpari will be made available by display electronically via Alpari's Trading Platform, or may be transmitted electronically via e-mail or sent to the mailing address listed in the application via United States mail or to such other address as the Customer may from time to time designate in writing to Alpari. THE CUSTOMER MAY OPT OUT OF RECEIVING SUCH COMMUNICATIONS BY SENDING ALPARI AN E-MAIL AT: OPTOUT@ALPARI-US.COM.

15. REPRESENTATIONS AND WARRANTIES

15.1.6. The Customer will execute and deliver all documents, give all notices, either written or oral, make all filings and take such other actions as Alpari, in its sole discretion, deems necessary or desirable to evidence or perfect any security interest in favor of Alpari or to protect Alpari's interests with respect to any assets.

15.1.7. The Customer understands that each Trading Platform is governed by a unique set of terms and conditions; therefore, different Terms apply to each Trading Platform. Alpari has furnished the Customer with the Terms that apply to the Trading Platform on

which the Customer is trading. If the Customer opens another Trading Account, the Customer agrees to request and be governed by the Terms that apply to that Trading Platform.

The Customer has read and understands the provisions contained in this Agreement, including, without limitation, Alpari's Risk Disclosure Statement and the Terms that apply to the Trading Platform the Customer is utilizing. The Customer will review the Agreement each time it is amended or each time the Customer opens an additional Trading Account with Alpari. The estate(s) of any of the Customers who shall have died shall be liable, and the survivors shall continue to be liable, to Alpari for any debit balance or loss in the Trading Account in any way resulting from the completion of Transactions initiated prior to the receipt by Alpari of the Written Notice of the death of the decedent, or incurred in the liquidation of the Trading Account, or the adjustment of the interests of the respective parties. Unless the Customer instructs Alpari in writing otherwise, Alpari shall designate the joint account as a "joint tenancy with the right of survivorship."

17. MISCELLANEOUS

In the event that the Customer objects to any such change or amendment, the Customer agrees to liquidate the Customer's Open Positions and instruct Alpari regarding the disposition of all assets in the Customer's Trading Account within five (5) Business Days after notice of the amendment or change has been posted to the Website. No waiver or amendment of this Agreement may be implied from any course of dealing between the parties or from any failure by Alpari or its agents to assert its rights under this Agreement on any occasion or series of occasions. No oral agreements or instructions to the contrary shall be recognized or enforceable.

17.2. Entire Agreement. This Agreement together with the Customer's Account Application embodies the entire agreement between Alpari and the Customer, superseding any and all prior written and oral agreements.

17.3. Acceptance. This Agreement shall not be deemed to be accepted by Alpari or become a binding contract between the Customer and Alpari until the signed Account Application has been received and approved by Alpari. In the event that there are any unauthorized alterations or deletions to this Agreement or related documents such alteration and deletions shall not be binding on Alpari and said original forms shall govern the Trading Account.

17.4. Headings, Captions, Words and Phrases.

17.4.1. Headings and Captions. Headings and captions in this Agreement are inserted for convenience of reference only and shall not be given any effect in the interpretation of any provision of this Agreement.

17.4.2. Words or Phrases. Word or phrases importing the singular shall be interpreted to include the plural and vice versa, unless the context requires otherwise.

17.5. Recordings. The Customer further agrees to the use of such recordings and transcripts thereof as evidence by either party in connection with any Complaint or Trading Dispute or Proceeding that may arise involving the Customer or Alpari.

17.6. Binding Effect. This Agreement shall be continuous and shall cover, individually and collectively, all Trading Accounts of the Customer at any time opened or reopened with Alpari, irrespective of any change or changes at any time in the personnel of Alpari or its successors, assigns, or Affiliates. administrator, trustee, legatees, legal representative, successors and assigns of the Customer.

17.7. Force Majeure. Any delay in or failure of performance by either party under this Agreement will not be considered a breach and will be excused to the extent such delay in or failure is caused by any event which is beyond the reasonable control of such party and renders the performance of all or part of the obligations of the party under this Agreement to be virtually impossible or economically impracticable, including without limitation, acts of civil or military authorities, strikes or other labor disputes, insurrections, turmoil, wars and the like, floods, fires, droughts and other acts of God, interruptions in telecommunications or internet or network provider services, act or omissions of a third party hardware or software supplier or a third party communications provider, power outages and governmental restrictions.

17.8. Law and Jurisdiction; Severability. This Agreement is governed by and shall be construed in accordance with the laws of the State of New York, United States of America without giving effect to any conflict of laws doctrine that would interfere with or prevent the application of this provision. With respect to any suit, action or proceeding ("**Proceeding**") relating to this Agreement, each party irrevocably: (i) submits to the exclusive jurisdiction of the state and federal courts located in the Borough of Manhattan, State of New York; (ii) agrees to service of process in any legal Proceeding by sending copies thereof by registered or certified mail, if practicable (postage prepaid) to the other party at the address set forth in this Agreement or updated as provided in [Section 14](#) hereof (where service of process is being made by Alpari); (iii) waives any objection which it may have at any time to the laying of venue of any Proceeding brought in any such court, waives any claim that such Proceeding has been brought in an inconvenient forum; and (iv) waives the right to object, with respect to such Proceeding, that such court does not have jurisdiction over such party. Alternatively, at the option of either Alpari or the Customer, any Proceeding hereunder may be submitted for arbitration before the NFA at its New York office. The arbitration shall be conducted according to the rules then in effect of the NFA. Any award of the arbitrator(s) will be final and binding. If any clause of this Agreement is determined void or invalid by a court of competent jurisdiction, the remainder of the Agreement shall remain in full force and effect. Any Proceeding relating to this Agreement shall be conducted in the English language.

17.9. Limitation of Actions. THE CUSTOMER AGREES THAT NO ACTION OR ARBITRATION DEMAND ARISING OUT OF TRANSACTIONS UNDER THIS AGREEMENT MAY BE BROUGHT BY THE CUSTOMER MORE THAN ONE (1) YEAR AFTER THE CAUSE OF ACTION AROSE. This time limitation may be substantially shorter than that granted by federal or state law or the arbitration rules of the NFA.

THIS IS A LEGALLY BINDING CONTRACT. DO NOT SIGN UNTIL YOU HAVE READ ALL OF THE FOREGOING CAREFULLY AND COMPLETED ALL REQUIRED ACCOUNT OPENING DOCUMENTS.

17.10. Consent to Electronic Transmission of Account Statements. The Customer hereby consents to receive Trading Account statements (monthly statements and daily confirmations) by email. Alpari will provide the Customer with password-protected access to Trading Account reports on Alpari's Trading Platform. The Customer will be able to generate daily, monthly and annual Trading Account statements detailing Transaction activity, profit and loss statements, Open Positions, Margin Balances, account credits and debits, etc. Hard copies of the Customer's monthly statements are available upon request only and may incur an additional charge. Statements are deemed received when made available to the Customer by Alpari, regardless of whether the Customer actually accessed the statement. The Customer is responsible for alerting Alpari to any change in the Customer's e-mail address. This consent shall be effective until revoked by the Customer in writing and received by Alpari according to Section 14 of this Agreement.

17.11. Security Agreement. All the Customer's funds held by or on behalf of Alpari for the Customer's Trading Account(s) are hereby pledged to Alpari to the extent permitted by applicable law and are subject to a perfected first priority lien and security interest in Alpari's favor to secure performance of obligations and liabilities to Alpari arising under this Agreement. Any failure by Alpari to enforce its rights hereunder shall not be deemed a future waiver of such rights by Alpari.

17.12. Right to Loan/Pledge the Customer's Funds. The Customer hereby grants to Alpari the right to pledge, repledge, hypothecate, sell or purchase, invest or loan, either separately or with the property of other Customers, to itself as broker or to others, any of the Customer's funds held by Alpari as Margin or security. 3.1.1. Alpari will offer to the Customer services related to trading and executing Transactions in OTC Forex, currency forwards, Options, and other derivatives contracts.

3.1.2. Alpari will not advise the Customer on the merits or suitability of any Transaction entered into pursuant to these Terms. Alpari will not manage the Customer's trading activities. The Customer acknowledges that the execution of any Order for the Customer does not in any way imply that Alpari has approved or recommended the Transaction or trade.

3.1.3. Alpari has made available to the Customer various risk disclosures, which warn about the high level of risk associated with OTC Forex, currency forwards, Options, and other derivatives contracts. The Customer acknowledges that it has received and reviewed these disclosures, and these Terms will not be used to recoup losses due to market conditions or the Customer's trading strategy or style.

3.2. QUOTES

3.2.1. Alpari shall provide indicative Quotes to the Customer via the Client Terminal. Orders shall generally be executed based on these Quotes.

3.2.2. Alpari, in its sole discretion, may determine the validity of any Quote. In accordance with applicable law, Alpari has the right to void any Transaction made at an Error Quote/Spike.

3.2.3. Any reference by the Customer to a Quote of another company or information system will not be taken into account.

3.3. LEVERAGE

3.3.1. The Leverage available on the Trading Account is displayed on the Contract Specifications Webpage.

3.3.2. Alpari has the right, in its sole discretion, to change with immediate effect the available Leverage for the Trading Accounts or a particular Customer account at any time. Any changes made to the available Leverage shall be displayed on the Contract Specifications Webpage or communicated in writing to the Customer.

3.4.2. Where the Margin in the Trading Account is insufficient to maintain any position, all or some existing Open Positions may be stopped out and all or some Resting Order will be cancelled.

3.4.3. Where the Customer trades using an Options strategy, the Customer may: (i) sustain a total loss of the Premium paid (for example, where the Customer is an Options buyer); or (ii) be subject to losses that may exceed the Balance in the Customer's Trading Account (for example, where the Customer is an Options writer).

3.4.4. Options may not be traded twenty-four (24) hours prior to expiration.

4.1.1. The Customer must consult the user guide or "Help" menu of the Trading Platform for information on the Order types available on the Trading Platform and how they function.

4.1.2. Placing certain types of Orders, such as Stop Loss or Stop Limit Orders, which may be intended to limit the amount of loss, may not be effective where the Customer trades using Options strategies, as it may be difficult or impossible to execute Orders and offset or liquidate open market positions due to market liquidity, rapid price movements or Abnormal Market Conditions.

4.2. ORDER ENTRY

4.2.1. Before trading in a live environment, the Customer should utilize the appropriate demo trading platform to become familiar with the Order entry process and functions of the Trading Platform.

4.2.2. The trading hours for each Instrument are indicated in the Contract Specifications. The Customer may only trade within the trading hours specified for the relevant Instrument on this webpage.

4.2.4. Instructions related to offsetting, modifying, deleting or otherwise placing or executing any Order can only be made through the Trading Platform or by phone to Alpari's trading desk. Instructions pertaining to Orders are not accepted by email, fax, live chat or other similar means. The Customer must follow the Telephone Trading Reference when placing any Order via Alpari's trading desk.

4.2.5. The Customer must exercise care when entering any Order. Many Order types are subject to extreme fills, especially during Abnormal Market Conditions, markets experiencing rapid price movements and volatile conditions.

4.2.6. Details of Account Activity, including each executed Transaction and related Confirmation, will be posted on the Trading Platform. The Customer will be

able to generate daily and monthly reports of Account Activity after 5:00pm New York time on the trading session. Alpari, in its sole discretion, may treat any information posted on the Trading Platform as conclusive evidence of any Transaction, Open Position, Margin and cash Balance. Failure to post any Transaction will not affect the validity of the Transaction. The posting of Account Activity on the Trading Platform, including any trade Confirmations, will be deemed delivery of account information to the Customer.

5. EXECUTION

5.1. ORDER EXECUTION

5.1.1. All Orders will be executed in accordance with NFA Compliance Rule 2-43, including the FIFO Rule. In executing any Order, all executed trades will be netted against each other in their respective Currency Pair.

5.1.3. Any Order is deemed executed once the Order is given an Order ID, and the relevant record appears in the Report/Trade Summary.

5.2. STOP OUTS

5.2.1. Alpari will generally decline any Order if the Customer's Free Margin is less than the Margin required to open or maintain the position. Alpari is also entitled to offset all Open Positions or cancel any Resting Orders without the prior notice or the consent of the Customer, if the Equity in the Customer's Trading Account is less than 100% of the Necessary Margin.

5.2.2. Margin Level in the Trading Account is monitored by the Server and, subject to Clause 5.2.1, the Server generates the Stop Out instruction to cancel positions without the prior notice to consent of the Customer.

5.2.3. If a Stop Out Transaction causes a negative Balance to the Trading Account, the Customer shall be liable for any loss and must immediately make a payment for the full and total amount due.

6.3.3. If the Report/Trade Summary has not recorded the relevant information to which the Customer refers, Alpari in its sole discretion can refuse to consider any argument based on this reference.

6.5.4. Complaints not otherwise addressed by these Terms will be resolved in accordance with common market practice, unless such practice conflicts with applicable law.

6.4. INVESTIGATION AND REFUSAL OF COMPLAINT

6.4.4. Where the Customer has been properly notified about any applicable change(s), Alpari has the right to refuse to redress any Complaint arising from a change made to the Trading Platform, the Customer Agreement, these Terms, information posted on the Website or the provision of Services contemplated hereunder. The Customer's failure to properly understand or read any notice related to such change shall not constitute a reason to file a Complaint. Unless otherwise required under applicable law, the Customer agrees to accept any financial losses that result.

6.5.1. The resolution of any Complaint will be communicated to the Customer in writing as soon as reasonably practicable.

6.5.2. Alpari has the right to choose, in accordance with applicable law, the method of settling or resolving any Complaint. Any action taken by Alpari shall not be deemed to be an admission of any error on the part of Alpari.
